Disclaimer

The content of this report is confidential, and therefore, QRC Assurance and Solutions Pvt. LTD. expects that the client observe strict secrecy in protecting the information contained in it. This report is intended for internal, confidential use by the client. The recipient is obligated to ensure the highly confidential contents are kept secret. The recipient assumes responsibility for the further distribution of this document. The security assessment was carried out to the best of our knowledge and with great care. The number of vulnerabilities found always depends on the time available for the assessment. The upper limit for complete coverage is in a theoretical range that is usually no longer economically appropriate from a risk perspective.
